\$600,000 FOR NEW STATEN FERRYBOAT

Estimate Board Also Grants \$171,000 to Re-establish Old Astoria Ferry.

The Board of Estimate today authorized an appropriation of \$600,000 for the building of a new Staten Island ferry boat which will ply between St. George and the Battery and is scheduled to be ready for use within a year, and granted requests of Plant and Structures Commissioner Whalen for \$171,210 with which to reestablish what was known as the Astoria Ferry under municipal operation. The route is between East 92d Street, Manhattan and Astoria.

There will be an expenditure of \$45,000 for three of the boats of the private company which ceased operation of the ferry toward the end of 1918. These boats are Steinway, Harlem and Bowery Bay. It will cost \$110,000 to reconstruct them. When asked to explain this large sum, which far exceeds the price the city will pay for the boats Commissioner Whalen said it would cost from \$250,000 to \$300,000 for a new boat that would take a year to build, and that under the reconstruction plan two of the three boats would be ready for operation Sept. 30.

When the question of purchasing a new boat for the Staten Island Ferry was brought up, Borough President Curran asked what high official would have the name immortalized when the boat was christened. He said he would call the new boat Henry H. Curran, replied Whalen.

ROOSEVELT TOURS WISCONSIN TO-DAY

Speaks at Kenosha, Racine and Milwaukee and Proceeds to St. Paul.

CHICAGO, Aug. 12.—Franklin D. Roosevelt left today on a speaking trip that will take him through 15 States, and as far West as the Pacific Coast. Three speeches are on today's programme, opening with brief addresses at Kenosha and Racine, Wis., and closing with a night meeting at Milwaukee. From Milwaukee Mr. Roosevelt will go Friday to St. Paul and Minneapolis for two meetings in the twin cities.

Mr. Roosevelt and James Hamilton Lewis, former United States Senator and now candidate for the Democratic nomination for Governor of Illinois, opened the campaign here last night. The Vice-Presidential candidate addressed a large part of his speech to former Progressives, eulogized ex-President Roosevelt, and invited his former followers into the Democratic fold.

TIMOTHY HEALY HONORED.

Dinner and \$2,000 to President of Stationary Firemen.

Timothy Healy, International President of the Stationary Firemen's Union and delegate to the British Trades Congress from the American Federation of Labor, received a dinner and \$2,000 from friends in the labor movement at Yorkville Casino last night. Of the \$2,000 a check for \$1,000 came from his local union and the other from the international. These, according to James H. Holland, President of the State Federation of Labor, who presided, are to be followed by others.

Samuel Gompers, President of the American Federation of Labor, headed the speakers' list. Others were Frank Morrison, Secretary of the Federation; Daniel J. Tobin, Treasurer; Edward Boyle of the State Industrial Commission; Hugh Frazer, and Mrs. Sara A. Conboy, also a delegate to the British conference.

Threw Acid in Wife's Face.

Lipsa Barsanoff, a buttonhole maker of No. 236 West 183d Street, was held in \$1,000 bail by Magistrate Marsh in Washington Heights Court today, charged with throwing acid in his wife's face after a quarrel about a man she had known four years ago at St. Lawrence Hospital. It was said Mrs. Barsanoff would lose one of her eyes.

Physician-Dishwasher's Death Natural.

Dr. Harry E. Campbell, the physician-dishwasher, who died about three weeks ago in a West 53rd Street rooming house, died from natural causes, it was declared today when the chemical test of his brain was completed at Bellevue Hospital. No evidence of poison or drugs was disclosed by the test.

Huge Peach Crop Up-State.

ALBANY, Aug. 12.—At least 1,500 refrigerator cars must be assembled between Buffalo and Rochester by the New York Central and Erie Railroads in order to handle successfully the peach crop of New York State which will begin to move in large quantities about the middle of the month, according to an announcement by the Public Service Commission.

M'GRAW TO TELL ALL ABOUT ROW, HIS COUNSEL SAYS

(Continued From First Page.)

District Attorney Marrow more the latter did not reveal. Marrow stated, however, that he had instructed Detective Robert Wilson to keep Marrow in sight until such time as District Attorney Swann will have opportunity to interrogate him personally.

District Attorney Swann, in a statement issued today, said: "It is apparent that some unseen influence is at work to befuddle the authorities in their investigation as to the manner in which Slavin was injured. The truth will be ascertained despite this, and no influence can be exercised to prevent the guilty man from being punished if we can get the necessary evidence."

Slavin was unable to throw any light upon the mystery surrounding the manner in which he was injured when questioned this afternoon at St. Luke's Hospital by Assistant District Attorney Marrow.

Marrow, accompanied by Detective Stephen Love and a stenographer, was admitted to Slavin's room by Superintendent Gardiner of the hospital, but reappeared exactly eight minutes later.

"Mr. Slavin said he did not know what happened," said Marrow. "He is not yet in a mental condition to talk. He is incoherent. I asked him very few questions, realizing that it was futile, and shall not resume the interrogation until his condition has improved."

"BEST BUNCH OF BAD BOYS IN U. S."

Here's a Reformatory Where the Boys Behave Because They're Treated Humanly.

TRENTON, N. J., Aug. 12.—Dr. Frank Moore, Superintendent of the New Jersey Reformatory, has filed his annual report, showing that only two escaped in the year ending June 30.

"This is the best bunch of bad boys in the United States," he says. Last year there had been twenty. Dr. Moore's report shows that there were no outbreaks nor even an epidemic of violations of the rules.

The improvement is credited to the changed policy by which youths are held in the reformatory according to their offenses and personal history instead of being all held on a uniform basis. Psychological tests and psychiatric measurements have been used, the report says, with marked success.

20,000 PERSONS IN U. S. NOW ON MILLIONAIRE LIST

This Number Confessed to Incomes of \$50,000 or More, Each Statistic Shows.

WASHINGTON, Aug. 12.—UNOFFICIALLY it is computed from income tax returns that there has been a big increase in persons who may now call themselves members of the "millionaire group."

In their returns 20,000 persons confessed each to an income of \$50,000 in 1919, the lowest possible return on \$1,000,000. These 20,000 persons are members of families. In 1917 the millionaire group numbered only slightly more than 16,000.

Heads of 4,000 families reported incomes of \$50,000 to \$750,000 a year, and ninety confessed to incomes ranging from \$750,000 to \$1,000,000.

It is estimated that at least 162 persons reported incomes of more than \$1,000,000, an increase from 141 of the previous year.

Half the 4,000 heads of families filing returns are believed to have incomes of \$2,000 or less, the census bureau says.

COLGATE FUNERAL BILL IS SUED FOR

Copper-Lined Casket and Burial Plot Costing \$645.65 Among Items Outstanding.

A citation directing Mariah M. Colgate, the widow of the late William Hoyte Colgate in this State, to show cause why she should not be compelled to liquidate the claim of the Johnson & Son Company, Inc., funeral directors of San Diego, Cal., was obtained today from Surrogate Coburn.

The funeral directors, through their attorneys, Latson & Bailey of No. 2 Rector Street, allege that the funeral bill for the plot in Greenwood Cemetery, where the remains are interred, is still unpaid, although Mr. Colgate died on May 24, 1917, in San Diego.

The funeral directors assert that they were directed to take charge of the body of Mrs. Mariah M. Colgate. They allege that although they presented their bill for the amount of \$645.65, including the cost of a copper-lined casket valued at \$550, the bill is unpaid.

The same attorneys acting on behalf of the Greenwood Cemetery Association, which sold to Mrs. Colgate a plot in Greenwood on Oct. 3, 1917, for \$154, assert that bill also is unpaid.

RABBI ACCUSED OF LARCENY.

Charged With Pawning Furs He Was to Sell—Buyer Also Held.

The Rev. Joseph Heller, thirty-eight, of No. 174 Suffolk Street, a rabbi, and Isaac Wentworth, thirty, of No. 131 East Broadway were held today in \$1,000 bail each for a hearing Monday on a charge of grand larceny.

Magistrate Corrigan in Essex Market Court, Morris Kowalsky, owner of No. 204 West 30th Street, swore the Rev. Mr. Heller bought from him two fur coats and a sable coat, valued at \$490, on memorandum early in July, and that instead of offering the coats for sale, as he indicated he would, he pawned them with a fowery broker and sold the pawn tickets to Wentworth.

COX AT CAMP PERRY.

To Award Trophies in Sharpshooting Contest.

COLUMBUS, O., Aug. 12.—Leaving here this morning for Toledo, Gov. Cox was to motor from there to Camp Perry, on an hour's ride, and speak about 5:30 p. m., returning here to-night. His next speaking engagement is at Wheeling, W. Va., on Saturday, when he will address the Democratic State Convention and later a public gathering.

At Camp Perry the Democratic standard bearer was to close the day's rifle competition program by awarding trophies, including the Ohio Executive's Cup, open in the rifle meet to regular soldiers, National Guard and civilian sharpshooters.

In his address to-day the Governor planned to give his views on preparations and training of war times, including National Guard activities.

FRAWLEY SPOTTED HIS MAN.

Causes Man's Arrest for Oil Stock Deal of a Year Ago.

Joseph Frawley, No. 1600 Southern Boulevard, was walking through 129th Street this morning when he saw a man and called a policeman.

"Arrest him," said Frawley, and the cop did. The prisoner said he was Joseph L. Judd, No. 224 West 53d Street, a mining engineer. He was arrested in the Morrisania Court and held in \$1,000 bail on a charge of grand larceny.

Frawley said it was more than a year ago that the prisoner got \$500 from him on a promise of oil stock.

PUZZLE: WHY THE ARREST?

Theatre Manager or Court Didn't Care if Youths Played Cards.

"The manager of the theatre didn't care," said one of seven young men to Magistrate Corrigan in the Essex Market Court today when arraigned before him. They were arrested Wednesday night for playing cards on the fire escape of Lower Broadway Theatre at Delancey and Suffolk Streets.

"Well, I am sure that I don't care," said the Court as he discharged the youths.

END OF CAMP UPTON.

Orders Issued by War Department for Its Abandonment.

WASHINGTON, Aug. 12.—Orders have been issued from the headquarters of the Eastern Department for the abandonment of Camp Upton, N. Y., and the salvaging of the camp equipment. The 41st infantry, now at Upton, will be transferred to Camp Meade, Md., and the 42d infantry to some other post not yet selected.

Movements of the troops will be completed before cold weather sets in, the orders read.

LABOR WITHHOLDS CONTRACT PROTEST ON COURT HOUSE

Unions Able to Take Care of Any Difficulties That Arise, Says Kenneally.

Speaking for the Building Trades Council of this city, William P. Kenneally, Vice Chairman of the Board of Aldermen, informed the Board of Estimate today that the unions have decided to withhold protests against the form of contract entered into between the city and the Bethlehem Steel Bridge Corporation for the structural site work on the proposed New York County Court House.

"If any labor difficulties should arise on the Court House job," said Kenneally, "the New York City unions are well able to take care of them."

It was claimed by labor men who attended the Estimate Board meeting at which bids for the construction of the Court House were awarded, that there are only a few hundred non-union structural steel workers here. Little or no trouble was anticipated on their account.

"But if the Bethlehem Steel Bridge Corporation imports non-union workers, what will the unions here do?" was asked.

"I don't believe out of town non-union steel workers will come here," Kenneally replied.

Although Mr. Kenneally's statement reassured the majority of the members of the Board, Aldermanic President L. Guardia declared he felt sure the action of the Board in permitting the Bethlehem company to employ open shop steel workers would precipitate "serious and complicated labor trouble." He added that he also believed the court house would cost a great deal more than the \$10,000,000 outside figure set by Comptroller Craig.

Manhattan Borough President Curran, who had just returned from a trip to the court house ground that it would require labor for need for home building.

Chairman Kenneally replied that there is no shortage of building labor in this city now and that construction is being held up only because of the lack of railroad cars for the carrying of building material.

"Everyone knows that the building on the court house does not interfere with the erection of dwelling homes," said Mayor Hylan.

New court house bids awarded following: Structural steel, Bethlehem Steel Bridge Corporation, \$1,350,000; concrete floors, \$658,000, and brick work, \$389,000, both bids by Dennis E. Connors; limestone walls, Henry Heinlein & Son, \$2,272,000; roof, Irving Herman & Co., \$218,000. The last mentioned bid was \$1,000 higher than that of Dennis E. Connors, but was awarded to Herman & Son, because of their long record in the metal roofing business and that Connors is not. The total of the bids awarded is \$5,408,000.

WANT QUICK ACTION ON FIRING BOARD

Newark City Commissioners Urge Gov. Edwards to Give Decision on Utilities Board.

The Newark City Commission today passed a resolution requesting Gov. Edwards to expedite his decision regarding the removal of the Public Utilities Commissioners, who were recently tried before him on charges preferred by the Jersey City Commission.

The resolution was a substitute for another offered by Mayor Gillen which peremptorily demanded the removal of the Commissioners on the ground that they were responsible for the increase in the price of gas in New Jersey from \$1.15 to \$1.40 a thousand cubic feet and with an authorized reduction in heating quality, and that in "this camouflage" the Public Utilities Commissioners had been "the willing tools" of the gas company.

1,257 POLISH SOLDIERS HERE

Had Left U. S. Homes to Serve in Army of Republic.

The steamship Pocahontas brought to port today 1,257 Polish soldiers who left their American homes to serve in the Polish Army for limited terms. They will be taken to Camp Dix for discharge. They are in command of Capt. Stephen D. Abrowski.

One of the military passengers was Capt. Crawford, No. 611 West 17th Street, who was a transportation officer in France and who is now returning to his old position as a pressmaster.

Mrs. Anita Stevens, widow of Brig. Gen. James E. Stevens, was also a passenger. She was accompanied by her daughter.

William J. Ragow, the young Captain of the ship, will not command her on the next voyage. He is taking a vacation in which he is to marry Miss Katherine Malloy of West New Brighton, N. I.

CLOSE RACE IN OHIO.

Democratic Candidates for Senate Only 332 Votes Apart.

COLUMBUS, O., Aug. 12.—Returns early today from Tuesday's primary election showed a nip and tuck race for the Democratic nomination for United States Senator. Complete unofficial returns from 3,300 of the 6,000 precincts in the State gave a lead of only 332 votes to Judge A. F. O'Neill of Akron, over W. A. Julian of Cincinnati.

The vote was O'Neill 53,251, Julian 52,919.

Politicians declared that unless the remaining 100 precincts show up, an official count may be necessary to decide the contest.

LONDON SEES BAD SPLIT OVER POLAND BETWEEN FRANCE AND BRITAIN

(Continued From First Page.)

BRITISH NOTE TO FRANCE TRIES TO END DIFFERENCES

Reported to Discuss Recognition of Wrangle Regime in Friendly Way.

PARIS, Aug. 12.—Great Britain has communicated officially with France in regard to the differences between the two Governments, it develops from a statement made by the semi-official Havas Agency today. The statement says:

"The British Charge d'Affaires this morning brought to the General Secretary of the Ministry of Foreign Affairs a communication from the British Government. From the conversation engaged in between the Charge and M. Paleologue (Maurice Paleologue, General Secretary of the French Foreign Office) it developed that both Governments are examining in the most friendly spirit the divergences in views which have occurred between them, but which will not prevent them from continuing their friendly collaboration."

Premier Millerand, who arrived at Montdidier for luncheon today (on a trip he is making to the liberated region), was immediately informed of the conversation.

Recognition by France of Gen. Wrangle is commented upon today by all the French newspapers, the majority of which express surprise at the statements Premier Lloyd George made in the House of Commons concerning it.

They take the view that the British Premier is not in a position to reproach France in connection with this initiative by her, advance notice of which was given by Premier Millerand in his speech of July 29, as they point out that Mr. Lloyd George himself began negotiations with the Bolsheviks without consulting France or the other Allies.

LONDON, Aug. 12.—(Associated Press).—Great Britain has been officially notified of the recognition by France of the government of General Baron Wrangle.

It was officially reported this afternoon that Premier Lloyd George and Earl Curzon, the Secretary for Foreign Affairs, plan to meet Premier Millerand at Boulogne on Sunday to discuss the situation arising from the recognition of General Wrangle.

Something akin to consternation is evinced by the evening newspapers over the French action, which is characterized as contrary to British ideas and a menace to Entente relations.

Meanwhile King George, who was to leave for Scotland tomorrow, has postponed his trip, owing to the situation.

LONDON, Aug. 12.—Russian cavalry has reached Praga, a suburb of Warsaw, according to a wireless dispatch from Berlin today.

This Berlin wireless message should be accepted with reserve, in view of the latest direct advices from Warsaw. Tined no later than an hour before midnight last night, which announced the launching of a Polish counter-offensive more than 30 miles north of the Polish capital.

BRITISH RETREAT IN MESOPOTAMIA

PARIS, Aug. 12.—The situation in Mesopotamia continues serious, says a Havas dispatch from Beirut. British detachments on the Euphrates are falling back, adds the dispatch, and the partition of Dibanah, situated on the right bank of the river about 25 miles southwest of Bagdad, has been cut off.

Army garages in Bagdad are reported to be in flames when the dispatch was sent.

ARMY AVIATOR BADLY HURT.

McSpadden Reported Dying From Accident at Mitchell Field.

Second Lieut. Lewis McSpadden, army aviator, is reported to be near death from an accident which occurred yesterday at Mitchell Field. McSpadden and Capt. Albert W. Stevens had flown the plane, a D H 4, from Langley Field, Hampton Roads, Va., making military photographs. In landing Mr. McSpadden misjudged the distance and the plane struck a hangar and side-slipped to the roof of a barracks.

Capt. Stevens escaped with bruises, but McSpadden was pinned under the engine and his head and body were badly injured. The plane was wrecked.

ARRESTED AS BERGDOLL.

State Troopers Seize Man Near Oneonta—Denies He Is Evader.

ONEONTA, N. Y., Aug. 12.—A young man who State troopers say, answers the description of Grover Cleveland Bergdall, the wealthy draft evader who escaped from the custody of the military authorities, was arrested by two troopers ten miles west of here today. The suspect denied that he was Bergdall, and gave the name of George Leno of Buffalo.

DOES NOT KNOW SHE HAS A FORTUNE

Friends Believe Kate Mulhearn Has So She Gets Busy to Find Out About It.

Kate Mulhearn of No. 47 Meeker Street, apparently is the only person in Brooklyn who is not in more or less definite possession of knowledge that she has inherited a fortune estimated by some to be as large as \$1,000,000.

So many friends have stopped Mrs. Mulhearn of the street and dropped in to see her to offer congratulations and inquire how she means to spend it that she has determined to run the fortune to its lair.

Accordingly, she has written to Deputy Clerk John Nagle of the Brooklyn Surrogate Court as follows:

"I was Kate Mulhearn, seventeen years old, when, on Jan. 10, 1903, I married Henry Ehen of New York. On Aug. 15, 1918, I was divorced."

"I thought perhaps Mr. Ehen had died and I was the mother of his son. Things take such a funny turn sometimes in this world of ours, I thought it would not harm to investigate the rumor. My husband has promised to search the records."

UNION TEAMSTERS MOVE PIER FREIGHT

Have Not Done It Since Early Spring, When They Began Boycott of Steamship Lines.

Union teamsters today began moving freight on coastwise steamships piers for the first time since early spring when they boycotted the lines in sympathy with the longshoremen on strike.

James J. Jordan, president of the United States Trucking Corporation, the largest union trucking concern in the city, announced that, while there had been a little holding up of trucks by pickets at the Morgan Line piers, this had been eliminated and there had been no interruption of work at the piers of the Clyde, Mallory and Savannah Lines.

A conference was called for late this afternoon to determine what to do with the emergency trucking concern organized through the efforts of the Merchants' Association to break the closed shop. Its trucks will cease operation, but it may continue as a skeleton organization for future strike-breaking.

The striking longshoremen will meet tomorrow night in Veronica Hall to decide their future course, now that their most powerful allies, the teamsters, again are at work.

TORE CLOTHING, WIFE SAYS.

Mrs. Friedman Gets Alimony and Fee Pending Separation Trial.

Anna Friedman, of No. 522 West 174th Street, was awarded \$60 a week alimony and a \$350 counsel fee by Supreme Court Justice Elinson today, same time to give up her action for separation from David Friedman, employee of A. J. Namm & Sons, Brooklyn. Mrs. Friedman alleges cruelty.

On July 5 last, she says, her husband beat her until the neighbors called the police, and took up her wardrobe valued at \$200.

The Friedmans have two daughters, nine and eight.

Good Crops in New York.

ALBANY, Aug. 12.—With few exceptions, the crops for New York State this year will compare favorably with those of last season and will be above the general average, according to preliminary reports received by the Division of Agriculture, George E. Hogue, the new Commissioner of Agriculture, stated today.
